*****WARNING*****

THIS FEED SUPPLEMENT SHOULD BE USED ONLY IN ACCORDANCE WITH DIRECTION FURNISHED ON THIS LABEL.

Feeding Directions

1. Feed to ruminants only.
2. Provide Unlimited drinking water.
3. Unlimited roughage must be available free choice. Overgrazed pastures are not adequate.
4. Grain may be fed as desired.
Provide unlimited amounts of the following separately free choice: Salt (loose or block), ground limestone and /or an adequate mineral supplement
5. For cattle on pasture use covered lick tanks with lick wheel assemblies, and feed 1-6 lbs per head per day. For cattle fed total mixed rations include from 1-6 lbs. per head per day. Pasture Booster 24-10 should be used at a level not to exceed 10% of total daily dry matter feed intake. Consumption should be monitored to obtain desired daily intake. Additional care should be exercised with starved, stressed or debilitated animals.
6. Damaged tanks, broken or open tops must be repaired or replaced before cattle are allowed access.
This product must be agitated before being dispensed or fed.
